## Our Year

We are now firmly settled in our new home at Keighley Arts Hub on Low Street, right in the centre of town and well placed to serve the young people of the town as well as supporting local artists through the Little Nomad Gallery and makers outlet. This was opened at the end of October 2021 and has been a huge success with a constant stream of local creative people coming to show their work. We have held music events and craft fairs and our volunteers open the shop two days a week to showcase Keighley's finest. This has inspired many of our older group to begin to make their own artwork to sell.

Funding from the National Lottery and The Tudor Trust has kept us going and the Craven Trust and further funding from the lottery have meant we can develop the gallery to provide volunteering opportunities and work experience for our older participants.

We have continued, and grown, our Friday session with Small World 'Next Gen' alongside our previous (were WE like that?) participants. This has given us the chance to look at additional activities for the older group and have provided open studio time and one to one support for them as well as the chance to volunteer in the shop and gallery

## FUNDING & FINANCE

### Funding and Finance

Despite losing our main funding for the TUCO project we have been kept going over lockdown thanks to the National Lottery Emergency Covid Fund and a grant from Bradford Council. From March we have been very generously supported by The Tudor Trust for the next two years
